DIVISION MEMORANDUM

No. 083, s. 2025

**IMPLEMENTATION OF A UNIFIED BUDGET OF WORK (BOW) IN SCIENCE 3-10
IN RELATION TO THE DIVISION UNIFIED QUARTERLY TEST**

To: Assistant Schools Division Superintendent
Chief Education Supervisors
Public Schools District Supervisors
Public Elementary & Secondary School Heads
All Others Concerned

1. In support of Project **Science** (Strategic Comprehensive Initiatives for Enhancing, Nurturing Competency and Excellence in Science Education), and in line with the Curriculum Implementation Division's commitment to providing quality and equitable Science instruction and to ensure fairness in learner assessment, the unified Budget of Work (BOW) for Grades 3-5, and Grades 7-8 of the Revised K to 12 Curriculum and Grades 6, 9-10 of the previous curriculum shall be implemented starting the Second Quarter of SY 2025-2026.
2. The Unified BOW serves as a division-wide framework for instructional pacing and curriculum coverage, thereby guaranteeing that learners across schools receive equitable learning experiences and are assessed on the same set of competencies through the Unified Quarterly Test. This alignment strengthens curriculum fidelity, enhances the validity and reliability of assessment results, and provides accurate data for monitoring, evaluation, and planning. More importantly, the integration of the Unified BOW into Project SCIENCE underscores the Division's commitment to foster competency, excellence, and accountability in Science education.
3. All public-school Science teachers are encouraged to integrate inquiry-based activities, real-world applications and performance-based tasks within the prescribed BOW topics. Private schools are encouraged to adopt the unified BOW to harmonize learning delivery with Project SCIENCE initiatives.
4. The unified BOW aims to:
 - a. standardize the scope, sequence, and pacing of Science instruction across the division;

- b. align lesson delivery with competencies assessed in quarterly assessments;
 - c. promote collaborative development of instructional materials and formative assessments;
 - d. establish a monitoring framework to ensure timely and competency-based instruction.
5. The unified BOW for Science Grades 3–10 may be accessed via the following link: <https://tinyurl.com/BOWREVISED-K-TO-10>
6. Immediate dissemination of this Memorandum is desired.
