2. Building on the success of the original Project CLUE, this enhanced version strengthens division-wide efforts in ensuring equitable access, full curriculum alignment, and innovative utilization of learning resources. Specifically, this project seeks to:

- strengthen ICT integration and gamified learning tools in classroom instruction.

3. With this initiative, teachers will be empowered to create, access, and maximize localized, quality-assured, and digitally supported learning resources, thereby ensuring inclusive and culture-sensitive education for all learners in Marinduque.

4. In line with this project, the SDO Marinduque Localized Repository of Learning Resources (LRs) Website is hereby introduced and made accessible at: <https://lrms.depedmarinduque.com/>. The portal serves as the central hub for accessible, relevant, and contextualized instructional materials and includes the following features:

- Localized and quality-assured LR's aligned with the K to 12 curriculum;
