1. PROJECT SCIENCE (*Strategic Comprehensive Initiatives for Enhancing, Nurturing Competency and Excellence in Science Education*) is an established Division initiative that aims to strengthen Science teaching and learning through coherent, standards-based, and contextualized instructional practices. These exemplars integrate PISA Science Knowledge Domains, Bloom's Cognitive Process Dimensions, and Science Process Skills, while remaining aligned with the Revised K to 10 Curriculum for Grade 6.
3. As a final step prior to Division-wide dissemination, the said lesson exemplars shall undergo Quality Assurance (QA) to ensure instructional soundness, consistency, accuracy, and alignment with established curriculum and pedagogical standards.
4. Quality assurance for the Project SCIENCE Lesson Exemplars shall be conducted in three (3) batches, as follows:
