RESEARCH FAIR 2024

The University of the Philippines Academic League of Chemical Engineering Students Inc. will hold the annual RESEARCH FAIR on February 1-3, 2024, with the theme PERSPICAX: Unleashing the Scientific Prowess of the Filipino Youth. The event will be face-to-face and will be held at the University of the Philippines, Diliman, Quezon City. Please see the attached letter for more details.

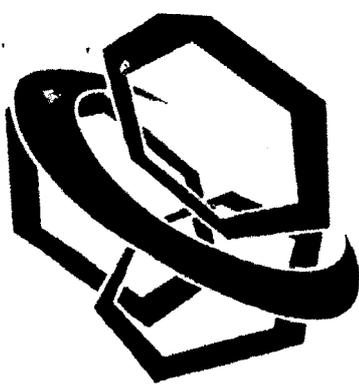

Participation is voluntary and must comply with time-on-task policy subject to the approval of the school's division superintendent. For more information, you may contact **Ms. Ma. Leighla Ysobel Canton** at **0909-860-2363**, or you may send an email to rfsc@upalchemes.org.

20 September 2023

Nicolas T. Capulong
MIMAROPA - Regional Director
Department of Education Regional Office

Dear Mx. Capulong,

Greetings!

We are from the University of the Philippines Academic League of Chemical Engineering Students, Inc. (UP ALCHEMES, Inc.), a duly registered academic organization from the UP Diliman College of Engineering. UP ALCHEMES is committed to promoting academic excellence, benevolent service, and holistic development through worthwhile projects and programs for its members, the college and the university, and the nation.

This coming February 1-3, 2024, our flagship event, the annual RESEARCH FAIR, will once again commence. Research Fair is a three-day research-based assembly for high school students nationwide. Since its establishment in 2002, Research Fair has become a forefront manifestation of the organization's commitment to promote and uphold scientific excellence among the youth.

In its 23rd year, with the theme **PERSPICAX: Unleashing the Scientific Prowess of the Filipino Youth**, Research Fair 2024 is returning in a face-to-face format to provide high school students with an avenue to invest their minds in scientific discovery and innovations through its established sub-events: the Research Competition, the National Science Conquest, and the Youth Science Convention.

In line with this, we would like to request your support in this momentous endeavor in the form of an official endorsement for this particular event. We believe this aligns with your good office's vision of enabling students to realize their full potential and contribute meaningfully to building the nation. Should you accept our request, we would also like to ask for a copy of your official logo, which will be used in our publicity materials. Your support will allow us to reach more participants, especially now that the event is going back to a face-to-face format. It will also help our organization commemorate 23 years of passion for knowledge and keep inspiring today's youth.

Kindly refer to the attached primer for more details regarding Research Fair 2024 and its sub-events. Should you have any clarification or inquiries, please do not hesitate to contact **Ma. Leighla Ysobel Canton** at **+63 908 860 2363** or at rfsc@upalchemes.org and researchfair.sa@upalchemes.org. Your unwavering support and prompt response would be greatly appreciated. Thank you for your kind consideration!
