Furthermore, these events must have safety, security and child protection plan including compliance to minimum health protocols. All sports officials, technical working group members coaches, trainers and chaperons must put premium to measures that will keep the athletes safe from any form of physical or psychological harm.

In the conduct of the sports meets and other related activities, SDOs and schools must put in place austerity measures by using online platforms if appropriate, avoiding grand and costly ceremonies and unity nights, and the like. SDOs have the option to play all the 21 sports events in the secondary, and the 15 sports events in elementary for their lower and division/city meets; or they can identify and select focus sports where they can confidently compete and advance to the next level of competitions.
