SUBJECT : GUIDANCE ON THE UPLOADING OF THE WINS DATA FOR SY 2022-2023 AND SY 2023-2024 UNDER THE NEWLY ENHANCED ONLINE MONITORING SYSTEM (e-OMS)

DATE : February 02, 2024

The Department of Education (DepEd) Order No. 10, s. 2016 or the Policy and Guidelines for the Comprehensive Water, Sanitation and Hygiene (WASH) in Schools (WinS) Program defines the quality standards for water, sanitation, hygiene, deworming, and health education. DepEd, through the Bureau of Learner Support Services-School Health Division (BLSS-SHD), crafted this policy in order to promote correct hygiene and sanitation practices among school children and a clean environment in and around schools to keep learners safe and healthy. The WinS Program is implemented through an integrated system known as the **Three-Star Approach (TSA)** designed to support monitoring, quality assurance, and performance recognition, as stipulated in **DepEd Memorandum No. 194, s. 2018** or the **Implementing Guidelines to DepEd Order No. 10, s. 2016** (Policy and Guidelines for Comprehensive Water, Sanitation and Hygiene in Schools Program). The WinS TSA puts a premium on both the improvement efforts of the school community and the results of those efforts.

After years of WinS policy implementation, DepEd and its development partners have agreed on the necessity of integrating the WinS Online Monitoring System (OMS) into the Basic Education Information System (BEIS). In this regard, the BLSS-SHD, in close coordination with GIZ [Deutsche Gesellschaft für Internationale Zusammenarbeit], UNICEF (United Nations Children's Fund), and Save the Children Philippines, is amending DM 194, s. 2018 to reinforce and strengthen the WinS Program monitoring and implementation by:

coordination with GIZ [*Deutsche Gesellschaft für Internationale Zusammenarbeit*], UNICEF (United Nations Children's Fund), and Save the Children Philippines, is amending DM 194, s. 2018 to reinforce and strengthen the WinS Program monitoring and implementation by:

- a. ensuring that the issues and concerns on WinS data and WinS monitoring can be addressed;
- b. enhancing the interface and navigation experience of the coordinators by incorporating more user-friendly features on the Wins Online Monitoring System (OMS);
- c. updating the process flow in navigating the Enhanced OMS (E-OMS); and
- d. providing flexibility for changes in technology and upgrading of platforms and systems used in WinS Monitoring.

In this regard, the following annexes shall be used as reference or guide for the uploading of the needed WinS data for the current school year (SY) covering the **SY 2022-2023** and **SY 2023-2024**:

- a. **Annex A:** WASH in Schools Enhanced Online Monitoring System User's Manual for Schools (see Attachment 1 for details); and
- b. **Annex B:** WASH in Schools Enhanced Online Monitoring System Administrator's Manual for Schools Division IT Officer and School ICT Coordinator (see Attachment 2 for details).

Further, keeping in mind the change in the opening of the school year, the integration of the enhanced OMS into the BEIS, and pursuant to DM 194, s. 2018, the uploading of WinS data for **SY 2022-2023** in the e-OMS shall be completed not later than **February 15, 2024** while for **SY 2023-2024**, the uploading shall be open from **February 20, 2024 to May 31, 2024**.

Moreover, as articulated in the WinS policy, DepEd recognizes the invaluable support of stakeholders in achieving the objectives of learning and health outcomes via a comprehensive school-based implementation of the WinS program. As such, the WinS policy strongly encourages and supports various governance levels to engage its partners and key stakeholders to strategically participate in program management and implementation.

While most schools find ways to intensify and identify potential partners to support its program implementation, which includes but not limited to, establishing WASH facilities like sex-segregated toilets, this Office respectfully reiterates the following:

- a. While DepEd applauds local initiatives to promote gender-responsive basic education per DepEd Order 32, s. 2017, the WinS policy ensures the provision of sex-segregated toilets as one of the minimum requirements (crucial indicators) for a school to reach at least a star level;
- b. DepEd strongly prohibits any personnel or official to engage in any form of financial solicitation or donations from any individual or organization to improve the WASH conditions and/or compliance of the schools to WinS standards;
- c. compliance to WinS standards to improve star level requires creative utilization of available resources that will not require any school to spend beyond the allocated program funds of the Department;
