DR. LYNN G. MENDOZA

OIC - Schools Division Superintendent

Division of Marinduque

Dear Dr. Mendoza,

I am writing to formally extend the invitation of James Glover, the esteemed Chair of the Institute for the Advancement of Vedic Mathematics (IAVMO), to schools in your division to participate in the upcoming 4th International Vedic Math Olympiad (IVMO 2024) on November 30, 2024. Enclosed with this letter, you will find the invitation from Mr. Glover outlining the competition format and requirements and a flyer of the event containing the registration link.

As the Philippines continues to excel in the realm of Vedic Math on a global scale, we are eager to further boost our participation and make this year's event a resounding success. Your support plays a vital role in rallying schools in your area to join hands in showcasing our collective dedication to mathematics excellence.

We are confident that with your encouragement, we can achieve an unprecedented turnout, solidifying the Philippines' position as the leader in Vedic Mathematics worldwide.

Mr. Glover mentioned that in last year's IVMO 2023, more than five thousand Filipinos participated. He failed to mention, though that our mathletes won 244 gold, 488 silver and 746 bronze medals and 1490 merit awards, which is about 95% of all the awards given.

Even as we are now busy preparing for the 5th Philippine National Vedic Mathematics Olympiad which is one of our training events for the IVMO, we need your support to inform more students and teachers about this global competition.

Your collaboration will not only benefit the participating schools but also contribute to the advancement of mathematical education in our country.

We sincerely hope that you will consider supporting and promoting this event within your division, fostering a spirit of enthusiasm and friendly competition among students.

Thank you for your time and consideration. We look forward to the potential of working together to make this year's IVMO an enormous success.

Warm regards,

Virgilio Prudente
