Sir:

Greetings!

This is to seek clarification on Memorandum BLR-2024-06-1069, specifically concerning the technical specifications for Lesson Exemplars and Worksheets.

As reflected on pages 10 and 11 of the Memorandum, the Lesson Exemplars and Worksheets for Kindergarten and Mathematics Grade 1 are categorized as **non-consumable**. However, feedback from the field indicates that non-consumable materials pose challenges for Kindergarten and Grade 1 learners. At this developmental stage, learners are still in the process of acquiring basic writing skills, making it difficult for them to use non-consumable materials effectively. ☹

In light of this, we respectfully request permission to make the worksheets for Kindergarten and Grade 1 learners consumable. We believe that allowing this adjustment will better support the learning needs of young learners and enhance their educational experience.

We appreciate your attention to this matter and we hope for a favorable consideration of our request for the benefit of our learners.

Thank you.

Very truly yours,

For:

NICOLAS T. CAPULONG, PhD, CESO III
Regional Director
Department of Education-MIMAROPA

Dear **Dir. Capulong**:

Good day!

This is in response to your letter dated September 12, 2024, seeking clarification on the Technical Specifications for the Lesson Exemplars (LEs) and Worksheets (WSs) for Kindergarten and Grade 1, particularly regarding the classification of these resources as non-consumable.

Kindergarten Activity Sheets (KAS) were delivered are consumable. Regrettably, despite our desire to make these resources consumable, the LEs and WSs for S.Y 2024-2025 will continue to be utilized for the incoming grade 1 learners due to budget constraints. To maximize the utilization of LEs and WSs, we encourage learners to write on a separate sheet of paper for their activities.

In light of this, the Bureau of Learning Resources recommends adherence to the released guidelines in the field. Please be assured that your feedback is highly valuable and will be considered in the bureau's strategic planning for future projects.

Thank you for your understanding and continued support.

Very truly yours,

ARIZ DELSON ACAY D. CAWILAN
Director IV
