1. DepEd Order No. 8, s. 2015 titled ***“Policy Guidelines on Classroom Assessment for the K to 12 Basic Education Program,”*** states that summative assessment measures whether learners have met the content and performance standards, while teachers use methods to measure student learning that have been deliberately designed to assess how well students have learned and are able to apply their learning in different contexts. Additionally, this form of assessment usually occurs towards the end of a period of learning in order to describe the standard reached by the learner.
2. In line with this and the Department’s commitment to quality assurance in learning assessment, this Division, through the Curriculum Implementation Division, shall conduct the ***“Workshop on the Development, Validation, and Finalization of the First Quarter Examination for SY 2025-2026”*** from July 14 – August 8, 2025:
3. This activity aims to:
 - a) ensure the alignment of assessment tools with the Most Essential Learning Competencies for Grades 6, 9, and 10 and with the Revised K to 12 Curriculum for Grades 1,2,3,4,5,7, and 8,
