# What should be done?

## Equality

The assumption is that everyone benefits from the same supports. This is equal treatment.

## Equity

Everyone gets the supports they need (this is the concept of "affirmative action"), thus producing equity.

## Justice

All 3 can see the game without supports or accommodations because **the cause(s) of the inequity was addressed.** The systemic barrier has been removed.

*Don't just tell a different version of the same story.*

**Make it OUR story.**
